One World: Same Issues in Family Law
15–17 July 2026 | Singapore
In partnership with the Singapore Academy of Law (SAL)

Dear Colleagues,

You are warmly invited to attend the Pacifica Congress Conference 2026, to be held in Singapore from 15 to 17 July 2026. This premier event is hosted in partnership with the Singapore Academy of Law (SAL), under the theme **"One World: Same Issues in Family Law."**

About Pacifica Congress
Pacifica Congress is a not-for-profit, member-based organisation registered with the ACNC. We bring together family law professionals from across the Pacific region — including Australia, Aotearoa New Zealand, Singapore, Hong Kong, Japan, and beyond — with the shared goal of improving outcomes for children and families impacted by conflict.
Our work involves creating forums and networks that enable practitioners, academics, policy-makers and others to share information, ideas and experience, thereby identifying trends and shaping constructive change within family-law systems.

About the Singapore Academy of Law (SAL)
SAL is Singapore's statutory legal industry promotion and development agency whose vision is to make Singapore *the* legal hub of Asia.
SAL serves more than 14,000 members including judicial officers, practitioners, legal service officers, corporate counsel and legal academics.
Its core mandates include:

- Building the intellectual capital of the profession through knowledge-creation and publishing.
- Raising the international profile of Singapore law and promoting Singapore as a centre for dispute resolution.
- Developing world-class infrastructure, technology and professional standards for the legal sector.
  Through its contributions, SAL brings credibility, global reach and a forward-looking perspective to this joint conference.

About the Conference
This two and a half-day event will bring together family law professionals, researchers, policy-makers, mediators and judicial officers. With SAL as co-host, we are confident of achieving a truly international and impactful gathering. The programme will feature distinguished keynote speakers and leading voices in family law, fostering rich dialogue on shared issues across jurisdictions.
You can expect:

- Insightful keynote addresses and panels on emerging, cross-border issues in family law
- Interactive sessions and debates engaging the full range of professionals from different systems
- Networking opportunities that span the Pacific region and beyond
- Practical take-aways and innovative ideas you can apply in your practice

We believe you will leave refreshed, invigorated and equipped with new thinking on how to approach the practice of family law in a globalised environment.
